Service fees: This estimate contains the cost for services described below. Pricing is based on factors such as billable time, network deployment, network resources, programming, hardware, as well as other variables. If any of these factors are modified by the customer or are modified as a direct result of a change in customer needs, or any misunderstanding of capabilities that increase any expense beyond what was originally conveyed for the project, the customer shall be billed accordingly. NYI is required to warn the Customer of additional charges as the NYI becomes aware of an imparity of services rendered in comparison with the estimate. NYI is not liable for additional charges to the Customer that the Customer was not aware of due to the lack of knowledge, due diligence or negligence on behalf of the Customer, or charges from third parties.

THIS OFFER IS VALID FOR FOURTEEN (14) DAYS FROM THE DATE BELOW
